

Tourism Businesses, Activity Providers & Local Disability Groups

Is mobility limiting your visitors' enjoyment of the Brecon Beacons? Our Boma 7 All Terrain Electric Wheelchair could be the answer.

**Boma Demo Day - 25th March 2015 1-4pm
at the National Park Mountain Visitor Centre**

Developed by Molten Rock Ltd, the Boma 7 is an electric wheelchair completely at home in rough terrain and hills. Wheelchair users and the mobility impaired can now join their friends and families walking more of the beautiful Brecon Beacons.

This season, businesses, organisations and individuals can hire Boswell, the Eco Travel Network's Boma 7. Take a free test ride on March 25th and see for yourself whether your visitors or members could enjoy a Boma adventure.

For more details, call Alison Kidd & Peter Williams (01874 665401) or email alison@prospectory.co.uk
